1 Setup

We load packages, pathways data, and model results.

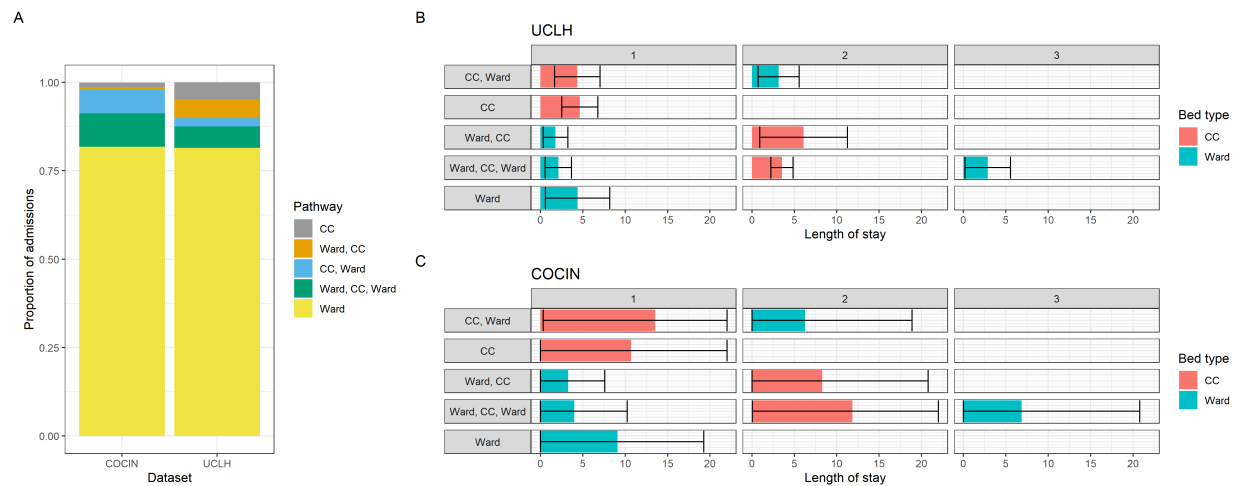

1.1 Load packages

1.2 Load England hospital data

1.3 Load UCLH data

1.4 Load model results

2 Visualise pathways

3 Try looking at uclh true occupancy

3.1 Plot all the simulations together

Round	Weibull	Average LoS	2674.6400
Round	Weibull	Full pathways	965.3542
Round	Gamma	Average LoS	2629.7358
Round	Gamma	Full pathways	948.7876
